

Easter Triduum Craft ~ Spinning Paper Plate

Use this craft to teach children about the Easter Triduum. The top plate spins to reveal the days of the Triduum until Easter. It also has the Bible verse from John 2:19, where Jesus spoke of His Resurrection, pasted on it. **"Destroy this temple, and in three days I will raise it up." (John 2:19)**

You will need:

- 2 paper plates
- Triduum images
- a paper fastener
- crayons
- scissors
- glue

Print and color the download.

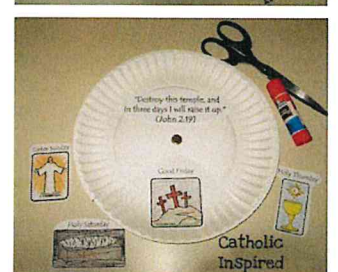

Cut off a 1/4 of a plate. Round the point so you have a spot to make a center hole.

Punch a small hole in the center of both plates. Make sure the plates are centered on top of each other and make sure your hole as close to the center as you can get it!

Fasten the two plates together with the paper fastener.
Cut out and glue the different images of the triduum onto the plate.

Glue on the Bible verse above the opening in the top paper plate.
Now, starting with Holy Thursday, add the Triduum days. Try to keep them close to the bottom edge of the paper plate. Spin the plate, when the top plate covers the one you just glued, glue on the next one.

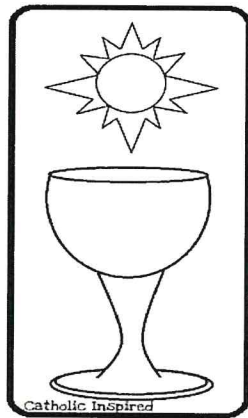

Now let the kids decorate the top plate!
And you're done!

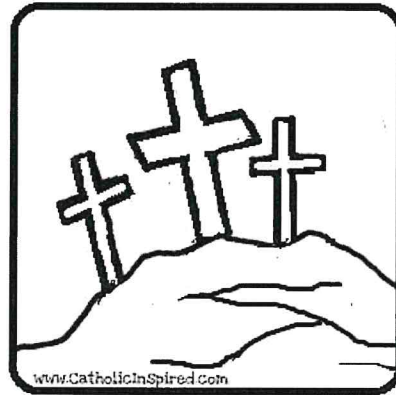

Color and paste for the Easter Triduum images to your paper plate:

**"Destroy this temple, and
in three days I will raise it up."
(John 2:19)**

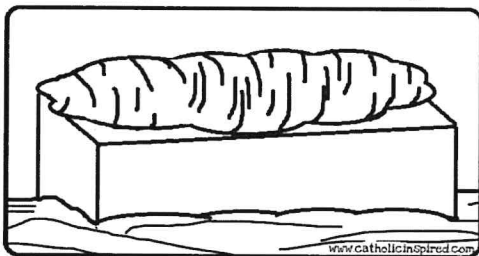

Holy Thursday

Good Friday

Holy Saturday

Easter Sunday
