ARE GRATEFUL THAT YOU COULD JOIN US AT TONIGHT'S GALA.

PRESERVING OUR CHURCH

Dear Parishioners and Guests,

Welcome again to our annual Sacred Heart Gala. We thank you for joining us on this special evening where we celebrate the friendship and fellowship that make our parish community so open and inviting to all who worship with us.

This year's celebration coincides with the 120th anniversary of our church, originally dedicated on January 15, 1905. As you well know, this year is also a Jubilee year for the Catholic Church as a whole. Through this Jubilee Year of Hope, we have had an opportunity to welcome hundreds more through our doors as a member of the local Jubilee pilgrimage established by the Diocese of St. Petersburg. Often, we have seen groups of parishioners from all across our diocese and the state traveling to pray within the church, or to attend a tour with the docents from our Historical Society. Being able to share the history of our parish is important, because its history is tied to the origins of our faith in the region.

As we reflect on this anniversary, the parish staff, clergy, and various volunteer committees have been hard at work to ensure our stewardship of the parish is fruitful for another 120 years and beyond. In 2024, we began a multi-phase preservation project to address numerous areas of concern around the church building, which requires delicate and deliberate maintenance given the harsh heat and heavy thunderstorms of our region. The initial phases of our efforts are at or near completion, including the repointing each individual marble slab of the front façade, the reinforcement of the central rose window, the restoration of the steeple cross and statue of the Sacred Heart, and the preservation of our main doorways. All of these are elements are original to the church's 1905 opening.

Next on the list of our preservation efforts are repairs to the masonry and the cleaning of our church dome, situated at the heart of the transept of the building. Rainwater intrusions have resulted from the degradation of the mortar and seals around the dome's façade, and threaten to erode structural elements along the centerpiece of the church. In order to move forward with these preservation efforts, additional funds need to be raised.

While the gala is certainly a time for our parishioners to gather in celebration, we know that this year's event will have a lasting impact long after the band has struck it's last chord, or the gavel falls to close our auctions. The friars and I, our deacon, and our staff hope you have a wonderful time with us this evening, and that you prayerfully consider how you can assist the parish as we continue this important work.

Peace and all good,

Pastor, Sacred Heart Catholic Church

Fr. Michael Jones, OFM
Pastor

PRESERVING OUR CHURCH

What comes next in our ongoing preservation efforts

As we reflect on our church's 120th anniversary in 2025, we have been hard at work to ensure our stewardship of this ecclesiastical jewel of our community is fruitful for another 120 years and beyond. As you might imagine, a structure built more than 100 years ago requires ongoing maintenance and often significant repairs.

In 2024, Sacred Heart began a multi-phase preservation project to address numerous areas of concern around the church building, which given the harsh heat and heavy thunderstorms of our region, require delicate and deliberate maintenance. Initial phases of our preservation efforts are nearing completion, including the repointing each individual marble slab of the front façade, the reinforcement of the central rose window, the restoration of the steeple cross and statue of the Sacred Heart, and the preservation of our main doorways. All of these are elements are original to the church's 1905 opening.

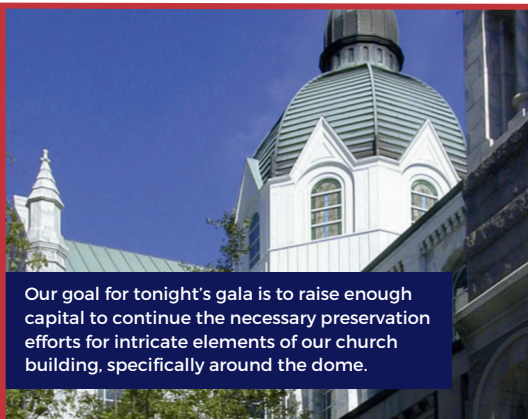

THROUGHOUT 2024, WORK WAS COMPLETED REPOINTING AND SEALING THE FRONT FAÇADE OF THE CHURCH.

Restoring the Dome

Next on the list of our preservation efforts are repairs to the masonry and the cleaning of our church dome, situated at the heart of the transept of the building. Rainwater intrusions have resulted from the degradation of the mortar and seals around the dome's façade, and threaten to erode structural elements along the centerpiece of the church. In order to move forward with these preservation efforts, funds from tonight's gala will be directed to this project.

Members of All Trades Historical Restorations worked on repointing nearly every piece of the front façade of the church in 2024.

Our goal for tonight's gala is to raise enough capital to continue the necessary preservation efforts for intricate elements of our church building, specifically around the dome.

There is a new cemetery on Tampa's horizon

Resurrection Cemetery is more than a consecrated location for interment of our departed loved ones. The cemetery is a ministry of the Catholic Diocese of St. Petersburg, where mausoleums and cremation niches are sparsely placed within the natural wooded lands of a 120-acre nature preserve. Memorial Counselors are located at the on-site office to provide tours, answer your questions and assist with your needs.

BIDDING & WINE PULL

Our First ever Gala Wine Pull!

Can you relate to these statements?

- *Wine flies when you're having fun!*
- *Today's forecast: sunny with a chance of wine!*
- *Wine—because no great story ever started with a salad!*

If so, you'll want to take part in a new addition to our gala festivities.

For \$25 a pull, attendees will have the chance to pull a cork, and receive a bottle(s) of wine that corresponds with the number on the cork. Simple as that! Each of the 50 corks will guarantee the guest a bottle(s) with a retail value worth \$25 or more! **Cheers!**

EACH OF THE 50+ WINE BOTTLES THAT ARE PART OF OUR WINE PULL WERE DONATED BY PARISHIONERS.

How bidding will be handled for Our Live & Silent Auctions:

Staples of every Sacred Heart Parish Gala are our live and silent auctions. Silent auction bidding for this year's event will be handled via bid sheets, with bidding for each of the 50+ lots opening as the doors open for the event.

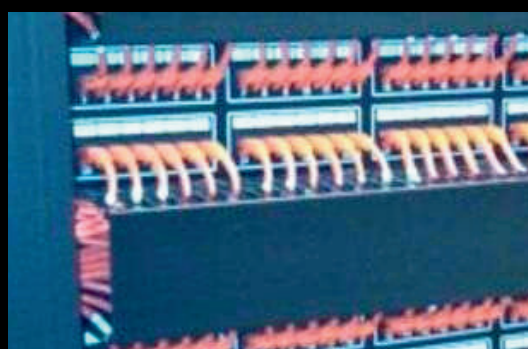

- Each silent auction item will close at 10 p.m., with winners names highlighted on each bid sheet.
- Winners can pay for their items with check, card, or exact cash on the second floor at the close-out table.

Our live auction returns with a familiar face leading the bidding. Longtime parishioner Mark Louie, a member of our parish choir and reader ministry will bring guests together for the live auction at 9 p.m., so be ready with those paddles!

- Multiple spotters will be in the crowd to assist in the process.
- Winners can pay for their items with check, card, or exact cash on the second floor at the close-out table.

THE LIVE AUCTION WILL FEATURE SEVERAL MAINSTAYS, INCLUDING DINNER WITH THE FRIARS, AND PEWS FOR CHRISTMAS MASSES.

Challenge coins are given to honor individuals who have demonstrated outstanding service, leadership, or dedication. While most famously associated with the U.S. military, they are also used by law enforcement, firefighters, clubs, and corporate groups.

Tonight, as you join us for this fundraising gala, we wish to bestow each of you with this special challenge coin celebrating our parish's 120th anniversary. As you have made it a priority to spend your evening with us tonight, that shows your dedication and commitment to this community of faith, and to the work we are doing in preserving our church for generations to come.
